Profile

Graphic Designer with 7+ years of experience delivering high-impact visual communication and brand-driven design for global brands and multinational companies. Strong expertise in digital and print design, brand systems, and campaign execution, combined with a cutting-edge AI-first creative workflow.

Highly experienced in collaborating with marketing, brand, and creative teams to translate strategic goals into clear, compelling, and visually impactful assets across multiple channels, being ahead of the market in the adoption of generative AI, using AI tools strategically to increase creative velocity, elevate visual quality, and optimize campaign performance.

Experience

Nourison Home

Saddle Brook, NJ

Graphic Designer

Jun, 2025 – Jan, 2026

- Lead the creation of digital and print graphic assets for global marketing and e-commerce initiatives.
- Played a key role in increasing website traffic to 300% during specific marketing and promotional campaigns through high-impact creative execution.
- Design brand-aligned visuals for campaigns, product launches, and seasonal collections.
- Actively apply an AI-first creative workflow, leveraging generative AI to accelerate production timelines, enhance image quality, and explore new visual directions.

Le Cordon Bleu

São Paulo, SP

Senior Graphic Designer

Aug, 2023 – May, 2025

- Led the creation of multichannel graphic and multimedia content for a globally recognized premium culinary brand.
- Developed digital content for social media, advertising campaigns, e-commerce, and branded materials, including brochures, banners, catalogs, and promotional assets.
- Achieved a 163.74% increase in audience retention and organic reach through human-centered, brand-aligned visual storytelling and optimized creative execution.
- Designed motion graphics and dynamic visual content to enhance engagement across digital platforms.

MCP Realty

São Paulo, SP

Graphic Designer

Mar, 2023 – Aug, 2023

- Created printed and digital materials including pamphlets, banners, ads, videos, animations, landing pages, websites and social content.
- Contributed to an 84% increase in organic reach for real estate development pages across digital channels.
- Developed visual assets optimized for marketing campaigns and multi-format communication.
- Delivered high-quality promotional visuals aligned with branding, market positioning and campaign goals.

ExxonMobil

Austin, TX

UX/UI Designer

Nov, 2021 – Dec, 2022

- Designed user interfaces and experiences that improved adoption, usability, and engagement across corporate systems.
- Contributed to an 83.5% increase in retention and interaction in agile team trainings through professional, engaging presentations leveraging storytelling and inclusive communication techniques.
- Conducted UX research, usability testing, and data analysis to inform design decisions and optimize user flows.
- Collaborated with cross-functional teams (engineering, product, and marketing) to align digital solutions with strategic business objectives.

VFR Comunicação

São Paulo, SP

Graphic Designer

Aug, 2020 – Jul, 2021

- Created printed materials including magazines, brochures, banners and certificates.
- Developed digital assets such as social media images, animations, videos and institutional presentations for healthcare and public sector clients.
- Supported brand communication through visual storytelling and design consistency across formats.
- Strengthened client presence through aligned visual strategies and cross-media design solutions.

Somos Ecco (Duo & Ecco)

São Paulo, SP

Graphic Designer

Aug, 2018 – Nov, 2019

- Designed key visuals for marketing campaigns in the events and tourism industry, enhancing brand engagement.
- Created email templates, newsletters, digital assets and conversion-oriented visual materials.
- Produced layouts for travel magazines and books using Adobe Creative Cloud.
- Contributed as the designer of a campaign that earned a Silver Caio Award.

Leadership & Activities
